

DPP

developmental partnership program of

National Pro Fastpitch would like to introduce a new and exciting partnership program that will provide opportunities to develop and inspire your clientele, players, coaches, fans, and staff!

NPF Official Developmental Partnerships are divided into 3 categories: **Park Partner, Performance Partner, and Playing Partner.** These three categories encompass all types of training facilities, gyms, travel ball teams, leagues, sports organizations, recreation departments, and parks. By partnering with the NPF, you are supporting the growth of women's professional softball, the highest level of competition in fastpitch softball.

By supporting this extremely important cause, you are contributing to the dreams and aspirations of the game's next generation and helping to solidify the possibility for those young girls to play professional softball for a living.

PARK PARTNER

includes single parks and/or full complexes. This category will fit partners that host more than one league or team in their park and would like the DPP to encompass all activities held at the particular location.

PERFORMANCE PARTNER

designed especially for training schools, training clubs, training groups, individual private coaches and teachers, and camp/clinic groups or organizations. This category will allow a facility, individual, or organization to involve their students and/or clientele in the Developmental Partnership Program.

PLAYING PARTNER

best suits individual teams, organizations of teams, leagues, tournament groups, etc. This will allow teams that may not be in a specific park every week or weekend to still have the DPP involvement.

\$250 / partnership

Through the development of this DPP program, we would like to form a direct line of communication, mentorship, influence, motivation, and inspiration from the pro's to grassroots athletes and programs. The trade-off for the NPF is a network of young girls, enthusiastic players, and fans that will help support the growth of the professional game.

BENEFITS OF THE DEVELOPMENTAL PARTNERSHIP PROGRAM (DPP)

- Discounts for equipment and apparel through NPF Official Partners - will include options for full line items for each respective vendor involved with the program. Discounts will generally range from 10% to 30%.
- Official Retailer Option - allows Partner to sell NPF merchandise through a customizable program
- 100 Helmet stickers with NPF DPP logo
- 100 Autographed Player cards
- Autographed/Personalized League, Team or Player photo (minimum 1 per year)
- NPF DPP Banner (1) 3x5 mesh grommited banner for display at park, facility or league venue
- Partner Night at an NPF game - includes free tickets for all players, coaches, instructors or administrators of Partner and discounted tickets for family members for one night at each team and league venue per request; On-field recognition of Partner; One in-game announcement recognizing Partner.
- In-game streaming recognition of Partner - for those who are not close enough to a team market to attend an NPF game in person, the Partner can be recognized in-game during a live-streamed regular season NPF game.
- Discounted Tickets to NPF events - includes Regular Season, Championship Series, Back to School Tour, Camps, Clinics and Speaker Series.
- Limited Licensee Status - will enable Partner and Partner's manufacturers to reproduce NPF brands and logos for uniform display and one souvenir item, if desired
- Website Listing and link on NPF website and NPF DPP logo placement on Partner's website
- Social Media announcement across Facebook, Twitter and Instagram
- NPF Clinic and Speaker Series Priority Host - these are customizable events that can be coordinated with the NPF League office. Your group will be given priority and access to some of the world's top softball players, access that can be difficult to achieve when attempting to individually track down and schedule professional players. Additionally, independent league clinics or Speaker Series events will allow priority and early registration to Partner members.
- Equipment Manufacturer Introductions - NPF will make introductions between DPP's and our sponsor partners when appropriate. This can potentially help lead to additional support for your organization.
